

"...Using the correct tools to do the correct job makes troubleshooting quick and easy. By repairing the unit yourself, you not only reduce downtime, but also save the cost of an on-site service visit."

Craig Camens, General Manager of Service Operations, Ajax Tocco Magnethermic Corporation.

In order to assist our customers in properly maintaining their equipment Ajax Tocco sells test equipment similar to what our Field Service Engineers use when servicing your equipment.

Some recommended choices are shown below. The below items may be purchased alone, or in packages. The "recommended packages" start below \$5,000. Reduced pricing is available for large orders or when purchased in packages.

		Good	Better	Best
<input type="checkbox"/> ■ 4-Channel 100 MHz Scope	<input type="checkbox"/>		x	x
<input type="checkbox"/> ■ 2-Channel 100 MHz Scope	<input type="checkbox"/>	x		
<input type="checkbox"/> ■ X10 Probes	<input type="checkbox"/>	1	1	2
<input type="checkbox"/> ■ X1 Probes	<input type="checkbox"/>	1	1	1
<input type="checkbox"/> ■ Current Probes	<input type="checkbox"/>	1	1	2
